

Multiple Listing Service Policies and Procedures

Reelfoot Regional Association of REALTORS®, Inc.

Adopted January 24, 2024

Information must be as complete as possible. Required fields have been so designated. Some required fields will cause total rejection by the system and is so noted. Some required fields will allow for the entering of the listing into the system, but the Participant will be notified that required information is missing. The Participant will be subject to penalty as per the Rules and Regulations of the Service, Section 1.2, for not providing required information in a timely manner. (Note - These policies and procedures for data entry are in data entry order. There are required fields throughout.)

REQUIRED INFORMATION

R represents REQUIRED fields

P represents Partial Save fields

Incomplete entries will result in an error message. Data cannot be saved and/or uploaded when errors occur during Input and Maintenance. Information for a ZERO (0) or NULL entry must be included in Remarks field.

For each "Remarks" selection, a notation is required in Remarks field. Failure to provide notation will result in notification from t in accordance to Section 1.2 of MLS Rules and Regulations.

Note: You may *omit* the Addenda field in Custom and Large Photo views (and thus printouts) under the **Viewing Options**

RELISTS:

List agent should report new expiration date prior to currently posted expiration date. Please use the following procedure in reporting a relist.

From MLS Rules and Regulations...

Section 1.10 Expiration of Listings: Listings filed with the Multiple Listing Service will automatically be removed from the compilation of current listings on the expiration date specified in the agreement unless prior to that date the MLS receives notice that the listing has been extended or renewed. (Amended 01/2007)

Duplicate Listing Submission:

Duplicate listings are not allowed in the MLS database.

From MLS Rules and Regulations...

Section 1.8 DUPLICATE LISTINGS: No listing shall be entered in the MLS database more than once, except when there is a varied price or class. (adopted November 15, 2012)

Photos:

Paragon supports up to 20 pictures. These pictures are to be of the subject property only.

From the Rules and Regulations of the Multiple Listing Service SECTION 4.4

Section 4.5 Photos: Photographs, virtual tours and/or renderings submitted by a Participant or Subscriber shall not be copied by other Participants or Subscribers for use in the MLS or other marketing.

Photos entered into the MLS system must not contain listing agent, broker or company names or logos, or phone numbers, nor may they have any legible company signs on the property. MLS staff is authorized to immediately remove any photo in violation of this policy and send notification to the listing agent & office or broker. (Renumbered 01/08, Amended 02/27/2013).

Virtual Tours: The Service allows for one virtual tour to be attached to any listing. (Amended 08/23/06, effective 09/18/06).

NOT IN MLS LISTINGS:

Rules & Regulations require that a document stating that the owner does not want property in MLS and showing owner's signature must be filed with MLS. When a Not in MLS listing sells, please enter the listing and closed information for use in comps.

Additions/Changes/Deletions to look-up fields may become necessary from time to time. Therefore, changes made to Appendices A and B do not require director approval.

To select the feature codes for the listing, follow these steps:

All Features

Open the pop-up window, Select chosen Features, then click **Save**.

Adding a Feature

In each Feature pop-up window, click the box of desired feature code, then click **Save**. You may **Check All** for each feature, then click **Save**.

Removing a Feature Code

In the Feature pop-up window, click the box with the check to remove, then click **Save**. You may **UnCheck All** for each feature, then click **Save**.

Appendix D Total Number of Rooms Defined

Total Number of Rooms

Include in the room count only those areas that are finished and can be used year round. They must have utilities (electric, heat, cooling, as appropriate) as well as floors and ceilings that are similar to or blend with the rest of the house. Generally speaking, the following are included in the room count:

- Kitchen
- Bedroom (see definition for Bedroom in this glossary for clarification)
- Living Room
- Dining Room
- Family Room
- Office
- Den
- Sun room that is heated and/or cooled

The Following are not considered rooms and **should not** be included in the room count:

- Bathrooms
- Loft
- Closets
- Storage Rooms
- Foyer
- Hallways
- Laundry Room
- Utility Room
- Three-season Rooms (no heating/cooling)
